

libastro/airmass.c

```
graph TD; A[libastro/airmass.c] --> B[math.h]; A --> C[astro.h]; C --> D[stdio.h];
```

A dependency diagram showing the relationships between files. At the top is a box labeled 'libastro/airmass.c'. Two arrows point from this box to two boxes below it: 'math.h' on the left and 'astro.h' on the right. From the 'astro.h' box, a third arrow points down to a box labeled 'stdio.h'.

math.h

astro.h

stdio.h
